

Formal Education:

- Graduate: Medical College of Wisconsin – Milwaukee
MS, Epidemiology, May 2005 GPA: 3.71
- Undergraduate: Concordia University – Mequon
BS, Behavioral Science/Psychology, May 2003
Minor, Biology GPA: 3.77
- Certificate: University of Wisconsin – Platteville
Graduate Certificate in Project Management, August 2007

Professional Experience:

Health Services Program Manager, University of Wisconsin – Madison, Center for Urban Population Health 7/07 - Present

Manage and monitor the Health Services Initiatives, facilitate project development and dissemination, coordinate multi-institutional clinical and investigator-initiated research studies, serve as quality improvement lead for an implementation project, and assist in the development and design of health services research including consulting, writing, and disseminating results.

Assistant Researcher, University of Wisconsin – Madison, Center for Urban Population Health 6/07 – 6/08

Coordinated multi-institutional clinical research studies and facilitated the IRB process, managed quality improvement processes for a statewide alcohol screening implementation project using Plan-do-study-act cycles, assisted with the development of a multi-site statewide research database, served as primary investigator and co-investigator on a number of health services research studies, supervised and trained research staff, students and interns.

Associate Research Specialist, University of Wisconsin – Madison, Center for Urban Population Health 10/06 – 6/07

Revised protocols, data collection forms and prepared IRB submission materials for multi-site and institution wide research projects; Performed literature reviews, created surveys, assessed study design and feasibility, assisted with data analysis, manuscript preparation, and dissemination.

Summer College for Kids Instructor, University of Wisconsin – Sheboygan Summer 2007

Developed and taught a hands-on curriculum on how to be a “disease detective” for 6-8 graders.

Surveillance Epidemiologist, Quad Counties Public Health Consortium 12/04 – 9/06

Jennifer Evertsen

8/10/2010

2

Provided technical expertise, training, and leadership in epidemiology and infectious disease surveillance for four county health departments as well as community members, assisted in the development and maintenance of disease surveillance systems for the purpose of emergency preparedness, combined multiple data sources to developed a Healthy People 2010 Indicator Report in order to provided guidance in the development of community health needs assessments and improvement plans.

Adult Services Unit Provider, Ozaukee County Social Services 8/00 – 2/05

Assisted with daily living cares, physical therapies, medication administration, and inter-venous technology; Created and maintained a seizure tracking database which provided useful information on the validity of current medications leading to changes in current treatment.

Public Health Research Assistant, Ozaukee County 9/02 – 2/03

Public Health Department

Developed, collected, and analyzed research data on present barriers to immunizations in an underserved population, compiled a list of community resources for public health emergencies.

Public Health Intern, Eastern Wisconsin Area Health Summer 2002

Education Center

Collected water samples and monitored levels of E.Coli and Fecal Coliform and when necessary was responsible for implementing the closure of beaches, assisted with the WI WINS tobacco prevention program by encouraging local restaurants to provide a smoke free environment, preformed clerical duties such as webpage development, answered complaint calls, wrote memos and press releases concerning current public health issues.

Funded Research & Contracts:

- | | |
|---------------|---|
| 2009-Present | Co-Investigator. Motivational Interviewing for Health Maintenance and Promotion in a Primary Care Setting. Funded by UW-ICTR Type 2 Translational Research. |
| 2009-Present | Project Coordinator/Research Program Manager. Wisconsin Registry for Alzheimer's Prevention (WRAP). |
| 2006- Present | Project Coordinator/Research Program Manager. Wisconsin Network for Health Research (WiNHR). Funded by the Wisconsin Partnership Fund. |
| 2006- Present | Project Coordinator/Quality Improvement Coordinator. Wisconsin Initiative to Promote Healthy Lifestyles (WIPHL). 5 year grant. Project Funded by SAMSHA. |

Jennifer Evertsen

3

- 2008- Present Research Program Manager. Childhood Asthma Research and Education Network. Maintenance vs. Intermittent Inhaled Steroids in Wheezing Toddlers (MIST). Funded by NHLBI.
- 2008- Present Research Program Manager. Childhood Asthma Research and Education Network. Projects including Treating Children to Prevent Exacerbations of Asthma (TREXA). Funded by NHLBI.
- 2008- Present Research Program Manager. Wisconsin Research and Education Network (WREN).
- 3/2008 – 10/2009 Project Coordinator. Evaluation of the Clinical Utility of an Ultra-sensitive Cardiac Troponin Assay in Chest Pain Patients Presenting to the Emergency Room. Project Funded by Nanosphere Inc.

Teaching, Student Mentoring and Other Academic Activities

- 2009 **Mentor, Research Assistant.** Primary mentor and supervisor for Ms. Amanda Joyce, graduate student in Public Health Certificate Program, University of Wisconsin-Milwaukee.
- 2009 **Mentor, Clinical Research Internship.** Primary mentor of Ms. Jackie Barnes, undergraduate student in Psychology, Alverno College.
- 2009 **Mentor, Clinical Research Internship.** Secondary mentor of Ms. Autumn Bower, undergraduate student in Psychology, Alverno College.
- 2009 **Mentor, Clinical Research Internship.** Primary mentor of Ms. Hope Pintens, undergraduate student in Biomedical Sciences, University of Wisconsin-Milwaukee.
- Summer 2008,
Summer 2009 **Mentor, Clinical Research Internship.** Primary mentor for Mr. David Sturdivant, Ms. Brooklyn Stuart, Ms. Blaque Robinson, Mr. Nathan Kuttickat. UWM College for Teen's Apprentice Program; Sophomores and Seniors from Milwaukee Public School;
- Summer 2007 **Mentor, Research Assistant.** Primary mentor of Ms. Ann Regnary, Medical Student, UW Madison School of Medicine and Public Health, Research project evaluating pneumonia diagnosis.
- Summer 2007 **Mentor, INROADS Research Internship.** Mentor and supervisor of Ms. Indrani Banerjee, Research project evaluating pneumonia diagnosis.

Jennifer Evertsen

8/10/2010

4

Summer 2008

Mentor, Research Assistant. Mentor and supervisor of Mr. Jason Pradelli, Undergraduate Biomedical Science student, Ohio State University, Research project evaluating Troponin levels in patients presenting to the ER.

2008

Mentor, Research Assistant. Mentor and supervisor of Ms. Julie Katrichis, undergraduate College of Nursing student, University of Wisconsin-Milwaukee.

2007

Mentor, Research Assistant. Mentor and supervisor of Ms. Margaret Evans, Master of Occupational Therapy Student, University of Wisconsin-Milwaukee.

2006

Mentor, Research Assistant. Primary mentor of Ms. Shannon Simpson, Masters of Sciences student in the Clinical Laboratory Sciences Program, University of Wisconsin-Milwaukee. Provided mentorship in the field of Clinical Research.
