**Join more than a million people walking in March for Babies to help give all babies a healthy start!**

**For Immediate Release (March 1, 2010)**

(Milwaukee, Wisconsin) For the third year in a row, Center for Urban Population Health staff, friends, and family will participate in the March of Dimes' March for Babies to support research and programs that help moms have full-term pregnancies and babies begin healthy lives.

This year, we will team up with Aurora Health Care's Milwaukee team to raise funds for the March of Dimes, whose mission is to improve the health of babies by preventing birth defects, premature birth and infant mortality.

To join the Center's and Aurora's fundraising team, or to donate to the cause, visit our team page at: [www.marchforbabies.org/team/t1305101](http://www.marchforbabies.org/team/t1305101).

Photos from past events

*The **Center for Urban Population Health** is a collaboration of the University of Wisconsin School of Medicine and Public Health, the University of Wisconsin-Milwaukee, and Aurora Health Care, Inc. with a mission of advancing population health research and education to improve the health of urban communities.*

*Working together to improve the health of communities*
