EDUCATION

University of Wisconsin-Milwaukee

Master of Arts: Women's Studies

Bachelor of Arts: Women's Studies, Certificate: LGBT Studies

Milwaukee, WI
December 2012
August 2009

University of Wisconsin-Madison

Bachelor of Arts: Art History, Certificate: Women's Studies

Madison, WI
May 2006

PROFESSIONAL EXPERIENCE

Center for Urban Population Health

UW-Madison School of Medicine and Public Health

Research Specialist

- Assist researchers and project teams with their evaluation projects
- Evaluation design
- Data collection and management
- Qualitative and quantitative analyses
- Report writing, data visualization, and dissemination of findings

Milwaukee, WI
11/2015-Present

Associate Research Specialist

- Assist with a variety of qualitative and quantitative analyses
- Assist ongoing evaluations, including data management and report preparation
- Coordinate data collection with community partners

7/2013-10/2015

UW-Milwaukee College of Health Sciences

Limited Term Associate Research Specialist

- Assist with a variety of qualitative and quantitative analyses
- Assist ongoing evaluations, including data management and report preparation
- Coordinate data collection with community partners

1/2013-6/2013

UW-Madison School of Medicine and Public Health

Outreach Assistant (graduate student hourly)

- Provided general evaluation support for:
The Nutrition Education Program at the Mobile Markets, Project LAUNCH, Community Health Needs Assessment Reports, Milwaukee County Department on Aging *Face of Aging* report
- Interviewed community and academic partners, performed data entry, interview guide development, qualitative analysis, and report writing

4/2012-12/2012

Joseph J. Zilber School of Public Health

University of Wisconsin-Milwaukee

Limited Term University Services Associate

Milwaukee, WI

2-5/2013

Carrie Stehman, M.A.

(June 2017)

Graduate Program Assistant (graduate student hourly) 8/2011-12/2012

- Compiled and prepared prospective student applications for faculty review
- Maintained student files for the Graduate Certificate, MPH, and PhD programs
- Completed special projects as needed under supervision of the Graduate Program Manager

Women's Studies Program, UW-Milwaukee

Milwaukee, WI

Graduate Teaching Assistant

9/2010-5/2012

- Independently designed and taught sections of Women's Studies 200: *Introduction to Women's Studies—A Social Science Perspective* and Women's Studies 201: *Introduction to Women's Studies—A Humanities Perspective*
- Designed syllabi, assignments, quizzes, exams, and lectures; facilitated discussions; held weekly office hours; and graded all work for undergraduate courses of 25-35 students

Milwaukee Area Health Education Center (AHEC)

Milwaukee, WI

Community Health Internship Program (CHIP) Intern

Summer 2011

Placement at the Center for Urban Population Health: *Project Health* (PI Paul Florsheim, PhD)

- Conducted literature review, used SPSS statistical package to clean and analyze data, summarized initial results for future communication with community stakeholders and potential grant applications

Norris Health Center

Milwaukee, WI

University of Wisconsin- Milwaukee

Peer Health Advocate

11/2010-11/2011

- Developed, implemented, and evaluated programming to encourage healthy behaviors and awareness of campus and community resources for students at the University
- Co-facilitated health education sessions for student groups

Milwaukee Health Services, Inc., MLK Heritage Health Center

Milwaukee, WI

Social Work Department Intern

1/2010-9/2010

- Provided general social work services, PNCC case management, health education, and community outreach services to patient population at Federally Qualified Health Center
- Co-facilitated pre-natal care and well-baby care and education for groups of expectant and new parents utilizing CenteringPregnancy and CenteringParenting curricula

CURRENT PROJECTS

Dementia Wellness Project for Underserved African American Elders, Evaluation Team Member

April 2015-Present (Project funded April 1, 2014- Present)

This Community-Academic Partnership program seeks to improve the health and well-being of underserved urban elders and their families by addressing three of the four health factors presented in the *What Works for Wisconsin's Health* population health model, including health behaviors (diet, exercise, stress management, smoking, and medication adherence), access to care (medical home-based coordinated care by Milwaukee Health Services, Inc.), and social and economic factors (culturally tailored education and family support). This large implementation grant expands and extends the activities of the Wisconsin Partnership Program funded Milwaukee Health Services, Inc. dementia

Carrie Stehman, M.A.

(June 2017)

diagnostic clinic developed in consultation with the Wisconsin Alzheimer's Institute. The existing partnership has been expanded to include the Center for Urban Population Health to further support the development and evaluation of the community health education and screening program.

Community Partner: Milwaukee Health Services, Inc.

Academic Partner: Mark Sager, MD

Lead Evaluator: Michelle Corbett, MPH, CHES

Funded by the Wisconsin Partnership Program

Wisconsin's Collaborative Approach to Increase Colorectal Cancer Screening, Evaluation Team Member June 2016- Present (Project funded June 30, 2015- Present)

This project's purpose is to increase colorectal cancer screening rates among participating Federally Qualified Health Centers' patient populations aged 50-75 years by implementing evidence-based interventions and other strategies. This partnership between the Wisconsin Comprehensive Cancer Control Program, the American Cancer Society, the Center for Urban Population Health, and Milwaukee area Federally Qualified Health Centers is implementing the following interventions to increase colorectal screening rates: Provider Assessment, Feedback, and Professional Development Training; Provider Reminders; Patient Reminders and Education; and Patient Navigation.

Grantee: Wisconsin Comprehensive Cancer Control Program through the UW-Madison Carbone Cancer Center

PI: Noelle LoConte, MD

Funded by the Centers for Disease Control and Prevention

PAST PROJECTS

Evaluation of the Bilingual Healthy Choices Program, Evaluation Team Member November 2015- December 2016 (Project and Evaluation Period: April 1, 2014- December 30, 2016)

Sixteenth Street Community Health Center's (SSCHC) Bilingual Healthy Choices Program strives to empower participants to adopt a more active lifestyle and healthier eating patterns. The program assists individuals and families in building capacity for making health-minded decisions for the incorporation of more physical activity in their daily lives and selecting more healthful food without increasing their grocery budget. Evaluation of the Bilingual Healthy Choices Program seeks to (1) strengthen the evaluation of the Healthy Choices curriculum through a collaborative approach that both enhances short-term outcome evaluation and adds medium-term outcome evaluation and (2) use this evaluation to build an evidence-based, family educational model and curriculum for an obesity intervention that can be replicated locally and nationally. The evaluation includes measurement of change in knowledge, attitudes, and behaviors, as well as biometric measurements.

Community Partner: Sixteenth Street Community Health Centers

PI: Kaija Zusevics, PhD, MPH, CHES

Funded by the Wisconsin Partnership Program

Healthy Next Babies, Evaluation Team Member, July 2013- December 2016

Working with families residing in Milwaukee's ten poorest ZIP Codes, this initiative aims to improve access to interconception care by emphasizing the role of both parents in developing care plans, accessing existing services, and increasing provider collaboration.

Community Partner: Aurora Family Service

Academic Partner: Michelle Corbett, MPH, CHES (August 2015-Present)

Ron Cisler, PhD, UW- Milwaukee (July 2013-August 2015)

Carrie Stehman, M.A.

(June 2017)

Funded by the Wisconsin Partnership Program, Lifecourse Initiative for Healthy Families, Implementation Grant.

Project LAUNCH (Linking Actions for Unmet Needs in Children's Health)- **Wisconsin, Evaluation Team Member**, September 2012- September 2015 (Project funded in Wisconsin October 2009-September 2015)

Wisconsin Project LAUNCH primarily focuses on children ages 0 to 8 and their families in 12 high-risk ZIP codes in Milwaukee. In partnership with the state of Wisconsin's Department of Health Services and Department of Children and Families, the local Project LAUNCH program at the City of Milwaukee Health Department coordinates a comprehensive early childhood system of care to ensure that Milwaukee families have access to programs that foster wellness in all areas of a young child's life. The project focuses on connecting services and systems. Project roles: data collection from community partners, qualitative and quantitative data analysis, and reporting to national, state, and local partners.

Funded by the Substance Abuse and Mental Health Services Administration.

Normalizing Breastfeeding: Building Social Support and Community Capacity, Evaluation Team Member, July 2013- June 2015

This initiative aims to increase breastfeeding initiation, duration, and exclusivity rates by engaging pregnant women, expectant fathers, and their families through health promotion, health education, and social support programs.

Community Partner: Dalvery Blackwell, African American Breastfeeding Network

PI: A. Michelle Corbett, MPH, CHES, UW- Madison

Funded by the Wisconsin Partnership Program, Lifecourse Initiative for Healthy Families, Small Implementation Grant.
